COMPASS

Advanced laundry detergent innovation - washes in cold or warm water

One-shot system - has all of the ingredients necessary to clean all textiles

Highly active enzymes and oxygen bleach

Special surfactants combine to clean tough stains by breaking apart soils

Saves on utility costs, labor, equipment wear and textile replacement costs

A Conserv Energy System Product

Approved for use in High Efficiency (HE) machines

Certified by the U.S. Environmental Protection Agency's Safer Choice program and contains ingredients with more positive health and environmental characteristics than conventional products.

EPA certification does not constitute endorsement of this product. The Safer Choice label or Design for the Environment logo signifies that the product's formula, Sunburst Chemicals has represented it to the EPA, contains ingredients that meet stringent EPA criteria for effects on human health and the environment. EPA relies solely on Sunburst Chemicals Company, its integrity and good faith, for information on the product's composition, ingredients, and attributes. EPA has not independently identified, that is, via chemical analysis, the ingredients in the product formula, nor evaluated any Sunburst Chemicals non-ingredient claims. EPA provides its evaluation only as to the product's human health and environmental characteristics, as specified in the Safer Choice and Design for the Environment Standard and based on currently available information and scientific understanding.

DIRECTIONS FOR USE:
Remove cap and place container upside down in dispenser bowl.

Top Load Washer: Open machine. Place "down tube" in machine and push button on dispenser to add detergent. Return "down tube" to holder when dispenser stops. Close cover on machine after removing "down tube".

Commercial Washer: Detergent is automatically injected to machine. See your Sunburst Chemicals representative for specific instructions.

PRODUCT CERTIFICATIONS:
SAFER CHOICE
Meets U.S. EPA Safer Product Standards
