CONSERV SG67 Solid Laundry Detergent with Activated Color Safe Bleach is a one-shot system with 3 key ingredients (Detergent, Activator, and Oxygen Bleach) that are built into one product to allow increased cleaning and whitening results. These 3 key ingredients work together to achieve clean linen – even with short wash formulas and cold water.

Super concentrated - powers out tough soils, odors and stains.

Can be used in all water conditions.

Safer to handle.

Requires substantially less inventory and storage space.

Contains no alkyl phenols (APEs, NPEs).

Contains biodegradable surfactants.

Conserv SG67 has been certified by the U.S. Environmental Protection Agency's Safer Choice program.

EPA certification does not constitute endorsement of this product. The Safer Choice label or Design for the Environment logo signifies that the product's formula, Sunburst Chemicals has represented it to the EPA, contains ingredients that meet stringent EPA criteria for effects on human health and the environment. EPA relies solely on Sunburst Chemicals Company, its integrity and good faith, for information on the product's composition, ingredients, and attributes. EPA has not independently identified, that is, via chemical analysis, the ingredients in the product formula, nor evaluated any Sunburst Chemicals non-ingredient claims. EPA provides its evaluation only as to the product's human health and environmental characteristics, as specified in the Safer Choice and Design for the Environment Standard and based on currently available information and scientific understanding.

DIRECTIONS FOR USE:

Remove cap and place container upside down in the dispenser bowl. Detergent is automatically dispensed in the wash cycle. Your Sunburst Representative will program the use levels for your specific application
