

GUARD

Aluminum Safe Degreaser

CLEANING SOLUTIONS FOR THE HEALTH OF YOUR BUSINESS.

GUARD

Aluminum Safe Degreaser

GUARD is a concentrated degreaser that is safe to use on aluminum. Leaves cookware, ovens, and hood parts clean and film free. Ideally used with pressure washing equipment, it is an excellent degreaser and cleaner for aluminum heat exchangers found on heating and refrigeration units, air cleaners, etc.

Removes grease, oil, dust and lint from:

- Heat exchangers and coils
- Aluminum cookware
- Ovens and hoods
- Refrigeration units
- Air cleaners

PACKAGING:

4 x 1 gal (#486101H)

PROPERTIES:

Color - Brown	Hard Water Tolerance - Fair
Fragrance - Sharp Odor	Rinsability - Good
pH - 12.2-13.6	Fumes - None
Detergency - Excellent	Flash Point - None
Wetting - Excellent	Corrosive Factor - Mild
Emulsification - Very Good	Shelf Life - Indefinite

BAR CODE & CUBE INFORMATION:

Dimensions - 12.75 x 12.75 x 13
Weight - 40
Cube - 1.223
PKG/Layers - 12
Layers - 3
Pallet - 36
Hazardous - Yes
UPC Code - 10784331486111

SAFETY:

Read label carefully before use. For industrial and institutional use only by trained personnel. Keep out of reach of children. Harmful if swallowed or in contact with skin. Causes severe skin burns and eye damage. For further information, consult the Safety Data Sheet.

DIRECTIONS FOR USE:

Heat Exchangers and Coils: Mix 1 part product with 4 parts water. Spray on coils or dip in soak tank. Allow to set 1-2 minutes and rinse with pressure washer.

Aluminum Cookware: Use full strength.

Oven and Hood Parts: Use full strength or dilute up to 1 part product to 20 parts water. If possible, soak 10-20 minutes in hot water solution. Rinse with pressure spray.

For best results, do not allow solution to dry on surfaces being cleaned. Always rinse 2-3 times with clean water.
