

PTC 700

Fabric Softener

CLEANING SOLUTIONS FOR THE HEALTH OF YOUR BUSINESS.

PTC 700

Fabric Softener

PTC 700 works in a broad range of water temperatures from cold to warm water with great results. Gives superior softening and an outstanding finish to linens and is a breakthrough in softener technology by treating fabrics with exceptional care at low cost. It can cut operational costs by reducing wrinkling and aiding in processing linens through dryers, ironers, and even high speed folders.

Superior technology designed primarily for low temperature washing.

Specifically blended fabric softener and anti-static treatment.

Lubricates fibers to reduce friction.

Special conditioners for fabric care.

Shortens extraction and dryer times.

Contains no VOCs, NPEs, APEs, phosphates or flammable liquids.

Leaves fabrics soft and fresh with a pleasant fragrance.

PACKAGING:

55 gal drum (#792555)

PROPERTIES:
