SAFETY:
Read label carefully before use. For industrial and institutional use only by trained personnel. Keep out of reach of children. Causes eye and skin irritation. Harmful if swallowed. For further information, consult the Safety Data Sheet.

RELIANCE is a highly concentrated detergent with a technologically advanced formulation for today's linens. Next generation detergency available now. This product contains wetting agents and detergents that break down surface tension and penetrate deep into the soils, removing stains and soils from the fabric. Non-ionic active blends give soils and greases no chance to permanently stain fabrics. These detergents have controlled sudsing to make rinsing faster and more effective, even in High Efficiency (HE) machines.

Penetrates tough stains.

Controlled sudsing.

Safe on all fabrics.

Fast rinsing.

Closed-loop system.

Approved for use in HE machines (2 x 1 gal F-Style).

Certified by the U.S. Environmental Protection Agency's Safer Choice program and contains ingredients with more positive health and environmental characteristics than conventional products.

EPA certification does not constitute endorsement of this product. The Safer Choice label or Design for the Environment logo signifies that the product's formula, Sunburst Chemicals has represented it to the EPA, contains ingredients that meet stringent EPA criteria for effects on human health and the environment. EPA relies solely on Sunburst Chemicals Company, its integrity and good faith, for information on the product's composition, ingredients, and attributes. EPA has not independently identified, that is, via chemical analysis, the ingredients in the product formula, nor evaluated any Sunburst Chemicals non-ingredient claims. EPA provides its evaluation only as to the product's human health and environmental characteristics, as specified in the Safer Choice and Design for the Environment Standard and based on currently available information and scientific understanding.

DIRECTIONS FOR USE:
Consult your Sunburst Chemicals representative for specific use directions.
