SOLID GREEN 14 All-Purpose is a mild, non-caustic degreaser that emulsifies heavy loads of unburned grease and oil without the hazards of caustic. SOLID GREEN 14 has been certified by the U.S. Environmental Protection Agency's Safer Choice program and contains ingredients with more positive health and environmental characteristics than conventional products.

Great for foam applications.

Leaves stainless steel shining, bright and film free.

Can be used on all surfaces.

Contains no APEs, NPEs, solvents, or corrosive caustic materials.

Contains biodegradable surfactants.

Kosher certified

NSF certifies that this product conforms to the requirements of the NSF

Nonfood Compounds Registration Program.

EPA certification does not constitute endorsement of this product. The Safer Choice label or Design for the Environment logo signifies that the product's formula, Sunburst Chemicals has represented it to the EPA, contains ingredients that meet stringent EPA criteria for effects on human health and the environment. EPA relies solely on Sunburst Chemicals Company, its integrity and good faith, for information on the product's composition, ingredients, and attributes. EPA has not independently identified, that is, via chemical analysis, the ingredients in the product formula, nor evaluated any Sunburst Chemicals non-ingredient claims. EPA provides its evaluation only as to the product's human health and environmental characteristics, as specified in the Safer Choice and Design for the Environment Standard and based on currently available information and scientific understanding.
