Read label carefully before use. For industrial and institutional use only by trained personnel. Keep out of reach of children. For further information, consult the Safety Data Sheet.

SOLID GREEN 23 Rinse Aid is automatically added to the final rinse cycle of institutional dishwashing machines to eliminate water spots and decrease drying time.

Can be used in low or high temp machines.

Reduces drying time and eliminates water spots.

Contains biodegradable surfactants.

Contains no APEs, NPEs, or high pH materials.

Kosher certified

Certified by the U.S. Environmental Protection Agency's Safer Choice program and contains ingredients with more positive health and environmental characteristics than conventional products.

EPA certification does not constitute endorsement of this product. The Safer Choice label or Design for the Environment logo signifies that the product's formula, Sunburst Chemicals has represented it to the EPA, contains ingredients that meet stringent EPA criteria for effects on human health and the environment. EPA relies solely on Sunburst Chemicals Company, its integrity and good faith, for information on the product's composition, ingredients, and attributes. EPA has not independently identified, that is, via chemical analysis, the ingredients in the product formula, nor evaluated any Sunburst Chemicals non-ingredient claims. EPA provides its evaluation only as to the product's human health and environmental characteristics, as specified in the Safer Choice and Design for the Environment Standard and based on currently available information and scientific understanding.

DIRECTIONS FOR USE:

For use in solid warewash dispensers only.

Unscrew the cap to open. Place the container upside down in the dispenser. Product is now automatically dispensed into the dishmachine.

Consult your Sunburst Chemicals representative for proper, economical adjustments of the dispenser and use rate dilutions.
