SOLID GREEN 34 Silverware Presoak is a concentrated silverware presoaking detergent for safe, convenient and controlled use.

Certified by the U.S. Environmental Protection Agency's Safer Choice program and contains ingredients with more positive health and environmental characteristics than conventional products.

Removes tarnish and softens dried-on foods so they are effectively removed in the dish machine.

Safer to handle.

Economical to use.

Leaves tableware shining clean.

Contains no APEs or NPEs.

Yields 880 gallons per capsule.

EPA certification does not constitute endorsement of this product. The Safer Choice label or Design for the Environment logo signifies that the product's formula, Sunburst Chemicals has represented it to the EPA, contains ingredients that meet stringent EPA criteria for effects on human health and the environment. EPA relies solely on Sunburst Chemicals Company, its integrity and good faith, for information on the product's composition, ingredients, and attributes. EPA has not independently identified, that is, via chemical analysis, the ingredients in the product formula, nor evaluated any Sunburst Chemicals non-ingredient claims. EPA provides its evaluation only as to the product's human health and environmental characteristics, as specified in the Safer Choice and Design for the Environment Standard and based on currently available information and scientific understanding.

DIRECTIONS FOR USE:

Remove cap and place in dispenser. To remove black tarnish from silver plate, place sheet of aluminum foil in the presoak pan. Add Solid Green 34 Silverware Presoak solution. R2U Dispenser: Turn valve ON to fill container to desired level and turn valve OFF. P4C Dispenser: Fill container to desired level with water, then push button and release to add chemical concentrate.
