SOLID GREEN 98 Dish Machine Detergent NP is designed to remove the heaviest food soils from dishes, utensils and cookware. Outstanding cleaning performance in both high temperature and low temperature dish machines.

Exclusive formulation prevents water hardness films from forming on dish ware.

Contains no APEs, or NPEs.

For use in low-temp or high-temp machines.

Especially formulated for harder water conditions

Certified by the U.S. Environmental Protection Agency's Safer Choice program and contains ingredients with more positive health and environmental characteristics than conventional products.

EPA certification does not constitute endorsement of this product. The Safer Choice label or Design for the Environment logo signifies that the product's formula, Sunburst Chemicals has represented it to the EPA, contains ingredients that meet stringent EPA criteria for effects on human health and the environment. EPA relies solely on Sunburst Chemicals Company, its integrity and good faith, for information on the product's composition, ingredients, and attributes. EPA has not independently identified, that is, via chemical analysis, the ingredients in the product formula, nor evaluated any Sunburst Chemicals non-ingredient claims. EPA provides its evaluation only as to the product's human health and environmental characteristics, as specified in the Safer Choice and Design for the Environment Standard and based on currently available information and scientific understanding.

DIRECTIONS FOR USE:

For use in solid warewash dispensers only.

Unscrew cap to open. Place the container upside down in the dispenser. Detergent is now automatically dispensed into the dishmachine.

Consult your Sunburst Chemicals representative for proper, economical adjustments of the dispenser and use rate directions.
