50 lb drum (#733050N)

## PROPERTIES:

|                              |                                  |
|------------------------------|----------------------------------|
| Color - White Powder         | Hard Water Tolerance - Excellent |
| Fragrance - Chlorine         | Rinsability - Excellent          |
| pH - NA                      | Fumes - Mild Chlorine            |
| pH, Use Solution - 11.0-12.0 | Flash Point - NA                 |
| Detergency - Low             | Corrosive Factor - None          |
| Wetting - Low                | Shelf Life - 1 year              |
| Emulsification - Low         |                                  |

## BAR CODE & CUBE INFORMATION:

Dimensions - 14x14x16  
Weight - 54  
Cube - 1.815  
PKG/Layers - 12  
Layers - 2  
Pallet - 24  
Hazardous - No  
UPC Code - 784331198567

## SAFETY:

Read label carefully before use. For industrial and institutional use only by trained personnel. Keep out of reach of children. Harmful if swallowed. Harmful if in contact with skin. Causes skin burns and eye damage. May cause respiratory irritation. For further information, consult the Safety Data Sheet.

## DIRECTIONS FOR USE:

Generally used at a level of 1/4 cup of product per 10 gallons of water in the bleaching operation. This level can vary slightly depending on the type and color of fabric, the type of machine, the size of lead, and the amount of soil or stain to be treated.

For optimum performance, the bleaching temperature should be 155 degrees Fahrenheit, and the water should be moderately alkaline. Bleaching is to be followed by two rinses, minimum.
